The following is an examiner's statement of reasons for allowance: The claims are allowable over the references of record in that none of the references of record taught the number of acknowledgment received in comparison to the number of messages sent is used as an indication of current network transmission capacity for modifying the number of messages to be sent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
